Late start Friday 8.00am

On Friday, school will start at 8.00am (on the bell) so children have the chance to do their hair nicely and have a good breakfast without rushing too much. Another bell will be rung when the Legacy Cross Procession is about to start.

When the Xavier boys were here they joined in our D&T class, designing, making and evaluating Knitting Nancies. We used a PMI strategy to share what was good, bad and interesting about our design.

In this work, Years 5 to 7 were considering:
· Characteristics and properties of a range of materials and components, and the suitability and safe practice of their use
([ACTDEK023](#))

Years PP-2 were considering
· Characteristics and properties of materials and individual components that are used to produce design solutions([ACTDEK004](#))
