Wanalirri School Newsletter Week 9 Term 3 2017

Dear Parents and Families, After three weeks with a maximum of five students, we find ourselves once again with an influx of new and returning students. Something we notice when we contact previous schools is that many students only attend school at Wanalirri. While this tells us good news about our great school, it makes me worry- what would happen to these children if our school wasn't here? All we can do is make sure every child comes every day, and that we make the most of weekends and school holidays to spend time in town.

**100% Attenders  
Week 6, 7 & 8  
Daemon and Keiran**

**Term 3 finishes next Friday Sept 22nd.  
Term 4 starts on Monday October 9th.  
The school holidays are for 2 weeks.**

Photos: Writing stories, reading books, designing planes, drawing pictures, learning names. All in a day's work at **Wanalirri Catholic School.**

# SHAPES

LEFT: Keiran discovered that six triangles can cover a hexagon perfectly.

RIGHT: Jarred discovered that two squares make a rectangle.

Students created artistic responses to the concept of Human Life. One thing that shouldn't surprise us is that our kids are made of the same things stars are!

It was smiles all around from students on Tuesday. Some were happy to be back at Wanalirri after nearly a term away. Some were just happy to have a few more children to play with and learn with. Whatever the reason, the smiles tell the story.
