Wanalirri School Student Newsletter Term 2

Dear Parents and Families, I hope you are ready for some news! All this work has been happening in term 2. We have been doing lots of wood work, maths, sports, cooking, meditation, English and play. The highlight of my term is that I actually sat my NAPLAN test. The lowlight of my term, as always, I couldn't make any friends because of the children that came and went.

cooking

In cooking we've made pizzas, cakes, biscuits, bread and toasties. The rules of working in the kitchen are: look out for sharp objects, washing your hands, avoiding hot objects and checking objects before putting them into the oven.

Attendance: I attended every day .

In gardening we have been taking care of many different plants. To grow a plant we had to: plant a seed and water the plant until it was ready to pick. We used these fruits and vegetables in our cooking and they were delicious.

naplan

This term I sat my NAPLAN test . Some of it was hard because of some of the maths questions and English questions. When I finished my test I was really proud of myself.

XAVIER DANCE

This term the Xavier visited our school. We are really happy that they are here. This visit has been great!!!

This term Dancing has been great . We know lots more songs that we did in first term. My favourite break dancer is Michal Jackson.

Some times if we come to school we get rewards such as a disco. Wananami invited us to a disco in week 9. They said I was the star of the show!!

WOOD WORK

This term we did some wood work. We've been making snakes and clapsticks. First we had to collect the wood, then take the bark off it and shape it with a saw and rasps. I made a beautiful snake, but I gave it away to the Xavier boys.

I'm really looking forward to next term.

**NEW TERM=
NEW ADVENTURES.**
